

GC218

By Tub's Audio

Dual High Quality 18" Drivers, Neodymium Magnet, 4 inch VC
 Extremely low moving mass + carefully engineered loading,
 Allows for an impulse response which is nimble, accurate and detailed
 When compared to conventional 218 designs.
 Excellent performance in the transition region,
 between port & cone output is achieved

Power Handling - 1x 3000w 4ohm

Output - 138db @ rms voltage , 142db max SPL

Response: ~ (-0db) 32hz - 90hz

Processing - NST / FFA, Lake/Labgruppen, XTA Presets

Weight - 82kg
